

The  
I N N O L E C  
L E C T U R E S H I P

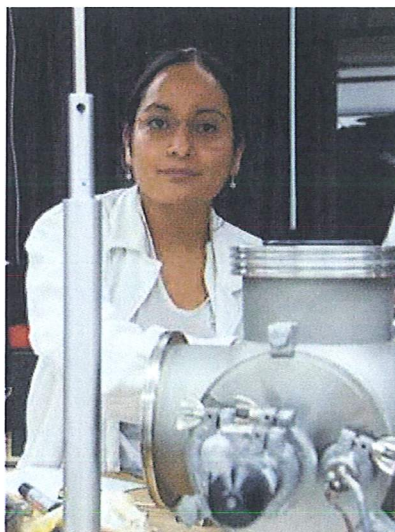

invites you to special lectures:

**Citlali Sánchez-Aké**

**Photophysics and Thin Films Group**

**Institute of Applied Sciences and Technology, National Autonomous University of  
Mexico,  
Mexico City, Mexico**

Tue 11/12/2018 13:00 – 14:30 Botanical Garden Lecture Room (Building 4):

**Applications of laser-induced plasmas: Thin films deposition,  
nanoparticles formation and surface modification**

Thu 13/12/2018 11:00 – 12:00 F1 Lecture Room (Building 6):

**Signal enhancement in laser-induced breakdown spectroscopy using  
surface nanostructuring**
